

# Prescription Medication Disposal

Help keep our kids, families and communities safe. Do not place medical waste in your recycling or waste carts. The state of Colorado runs a drug take-back program. Visit the Colorado Department of Public Health and the Environment's Household Medication Take Back Program page to find drop-off locations.

## City of Arvada Drug Take-Back Program

The Drug Take-Back program, provided in partnership by the W. Michael Northey Foundation partners with the Arvada Police Department, gives residents a safe way to dispose of medications.

This is a free program. Donations benefit the Foundation, providing scholarships to college-bound Arvada high school students and help to families of officers killed or injured in the line of duty.

The event is held annually, typically in April. Visit [arvada.org/drug-take-back](http://arvada.org/drug-take-back) to learn more about this program.
