

ORGANIC RECYCLING SOLUTION FOR A SUSTAINABLE COLORADO

ACCEPTABLE KRAFT LEAF BAGS

for A1 Organics Residential & Commercial Organics (Compost) Recycling Streams

While the most sustainable option is not to use a brown kraft bag, you can use a 100% compostable kraft bag for your extra yard & plant trimmings during Spring & Fall Clean Ups.

PLEASE FOLLOW RULES:

100% Compostable Brown Kraft Yard bags (30-40 gallon) ONLY.
Allowed for Spring & Fall Clean Ups
Spring (April - June)
Fall (Sept - Nov)

Acceptable Organics:

Leaves & Grass Clippings
Small Branches & Garden Debris

NO TAPE or TWINE

just close bag by rolling down and hand crimping tight

NO CONTAMINATION: Please remove all plastics, weed barrier, metals, rocks, and other non-acceptables from the organics.

SCAN FOR MOST UPDATED LIST!

NO TAPE OR TWINE just roll down & hand crimp

Approved

*check with your local hauler for limit amounts and additional use requirements

Know why Compost rules?

Finished compost contains organic matter which can hold up to 10 times its weight in water.

Every 1% increase in organic matter results in as much as 25,000 gallons of available soil water per acre.

When soil is healthy it has amazing water-retention capacity.
