## How to Recycle and Compost

Sustainability in Action

Recycling and composting are good for the economy and the environment. It creates jobs and keeps valuable resources out of landfills. Making new products out of recycled materials also saves energy and reduces pollution.

**Recyclables**—Empty, clean and dry recyclables can go in your onsite recycling containers. Make sure you flatten your cardboard!

**Organics**—Cleaned out your fridge and cupboards? Old/spoiled food, paper, plants, paper plates, napkins and paper towels can go into your onsite organics containers.
