

# Edible Food Recovery

SB 1383 requires certain food waste businesses to donate the maximum amount of edible food they would otherwise dispose to food recovery organizations. SB 1383 places mandated food donors into two tiers, outlined below.

## Tier 1 (Program due date January 1, 2022)

- ▶ Wholesale food vendors
- ▶ Food service providers
- ▶ Food distributors
- ▶ Grocery stores (more than 10,000 sq. feet)

## Tier 2 (Program due date January 1, 2024)

- ▶ Hotels (with on-site food facility and 200+ rooms)
- ▶ State agency cafeterias (more than 5,000 sq. feet or 250 seats)
- ▶ Health facilities (with on-site food facility and 100 beds)
- ▶ Large venues and events
- ▶ Restaurant facilities (more than 5,000 sq. feet or 250 seats)

Republic Services and the City of Yorba Linda are proud to partner with Abound Food Care ([Aboundfoodcare.org](https://Aboundfoodcare.org)) to provide edible food recovery resources to our community.

Sustainability in Action

SB 1383 – Organics

Senate Bill (SB) 1383: California’s Short-Lived Climate Pollutant Reduction Strategy aims to take organics out of the landfills to help reduce methane emissions. Organic materials that end up in landfills decompose, creating methane gas, a greenhouse gas emission that negatively contributes to the environment.

Organic waste includes pre- and post-consumer food waste, green waste, landscape and pruning waste, non-hazardous wood waste and food-soiled paper.

As of January 1, 2022, all businesses and multi-family (5+ units) complexes are required to recycle their organic waste.

To comply, businesses and multi-family complexes must first separate their organic waste from other waste, and then subscribe to a collection program through Republic Services or provide evidence of having a third-party recycling program.

AB 341 – Recycling

State Law AB 341: Mandatory Commercial Recycling requires all business and multi-family properties with 5+ units to also recycle non-organic materials like metal cans, plastic containers, glass and clean cardboard, and paper products.

Republic Services is here to help you understand your responsibilities, and make it as easy as possible to comply with state law SB 1383 by subscribing to our Organics Collection Program.

How to sort organic waste

**Step 1**  
**Set Up Kitchen Containers**  
Designate indoor containers next to food prep and/or dishwashing stations

**Step 2**  
**Train Staff**  
Use **clear** plastic bags\* to collect food (clear compostable bags are ok)

**Step 3**  
**Recycle Food Waste in your Organics Cart or Bin**  
Place bagged\* food waste in outdoor containers

Container options

**2-YARD DUMPSTER**  
▶ Dimensions: 6' L x 3'1" W x 3'3" H  
▶ Capacity: twelve 13-gallon trash bags

**64-GALLON CART**  
▶ Dimensions: 3'5"H x 2'L x 2'4"D  
▶ Capacity: five 13-gallon trash bags

Multi-family properties may have the option to combine food waste and yard waste. For more information, please discuss your unique needs with a recycling coordinator by emailing [OCRecycles@RepublicServices.com](mailto:OCRecycles@RepublicServices.com).

*\*Multi-family properties combining food waste and yard waste may NOT use bags for food waste collection.*

Acceptable items

**FRUITS AND VEGETABLES**

**COOKED MEAT AND BONES**

**FOOD-SOILED PAPER**

**CHEESE, GRAINS AND PASTA**

Unacceptable items

**YARD WASTE**

**RECYCLABLES**

**HAZARDOUS WASTE**

**SINGLE-USE PLASTICS**

**FATS, OILS AND GREASE**

**TRASH AND PET WASTE**

When possible, ensure all items are empty, clean and dry.

Current recycling containers are green, but new replacement containers will be blue with blue lid.

**PAPER & CARDBOARD**

**METAL CANS**

**PLASTIC & GLASS**

Trash

Current trash containers are blue. In the future, replacement trash containers will reflect the state-defined color scheme of black or gray.

**SMALL FURNITURE**

**CARPET**

**STYROFOAM®**

**NON-RECYCLABLE PLASTICS**

**GARDEN HOSES**

**DISHES AND MIRRORS**
