

Dry Ice Blasting Services

Republic Services offers dry ice blasting, an environmentally friendly, less aggressive cleaning process than chemicals or other media blasting that does not add waste for disposal.

REPUBLIC[®]
SERVICES

Sustainability in Action

Republic Services is a leader in environmental services.

Through the acquisition of US Ecology, ACV Enviro and ECOFLO, Republic Services can now offer customers comprehensive Environmental Solutions, including Dry Ice Blasting.

Dry Ice Blasting is a non-abrasive, safe and sustainable alternative to conventional cleaning methods and surface preparation. Unlike other methods, it cleans without damaging substrate or solid paint. No water is added for cleaning during the process, leaving no byproduct for waste disposal.

Dry Ice Blasting Applications

- ✓ Brick restoration
- ✓ Oil-contaminated surfaces
- ✓ Mold and rust removal
- ✓ Hydraulic equipment
- ✓ Machines, gears and electronics
- ✓ Fire hazard reduction
- ✓ Lead paint abatement
- ✓ Graffiti removal
- ✓ Hydro generators
- ✓ HRSG boilers

Value of Dry Ice Blasting

- ✓ Environmentally friendly
- ✓ Increases operational efficiency of your equipment
- ✓ Less aggressive cleaning process than chemicals or other media blasting
- ✓ Does not add waste for disposal
